

CARE INSTRUCTIONS: LEATHERDROPS & LEATHERTOUCH

*Instructions will be included in case with frame

Thank you for choosing a special design frame from the Luxury Lifestyle World of Silhouette. This premium model which has been lovingly crafted in Austria, is decorated with real leather. In order to guarantee years of enjoyment with this exclusive frame, we recommend the use of a damp cleaning cloth to remove soil .

* Frame should not be cleaned under running water or subjected to ultrasonic cleaning. Both methods would result in damage to the genuine leather parts.
