

## **Silhouette Authorized Laboratories**

Silhouette Authorized Laboratories has been trained and/or recommended by Silhouette Optical accounts or sales representatives. These laboratories have been successful in working with the Silhouette and adidas rimless glazing system.

### **Responsibilities of Silhouette Optical:**

- Provide patterns for rimless and semi-rimless frames directly to the laboratory at the time of frame release
- Provide parts that are necessary for glazing a Silhouette Optical frame and in sufficient quantities to be practical for a laboratory
- Provide glazing instructions and/or information on exceptions on a Silhouette Optical frame in advance of release
- Provide training on new innovations and glazing techniques

### **Responsibilities of Silhouette Authorized Laboratory:**

- Produce a complete pair of eyewear with the same quality and passion for detail that Silhouette Optical provides in its frames
- Speak positively about the brands to accounts of Silhouette Optical
- Provide positive support to accounts of Silhouette Optical

.
